Polydacron (Poly-Dac) 3-Strand Rope (Imported)

CATALOG (SKU) NUMBER: POLYDAC IMP

- The polyester fiber bound over polypropylene core yarns gives this 3-strand Poly/ Dacron combo rope a high tensile strength.
- Offers great absrasion resistance along with high strength.
- This rope will hover just under the water's surface.
- Soft rope for good grip and service use.
- High strength and economical.
- Great for industrial and marine applications.
- Poly/ Dac offers great abrasion resistance.
- Available in cut lengths upon request.
