18V LXT® Lithium-Ion 3.0Ah Battery (2 Pack)

CATALOG (SKU) NUMBER: MK-BL1830-2

Battery charges in only 30 minutes on the Makita Rapid Optimum Charger (sold separately). Compatible with all Makita 18V LXT® and 18V Compact cordless tools. Battery delivers consistent power and run time in extreme temperatures, even in winter (-4°F/-20°C). STAR Protection Computer Controls allow the tool and battery to monitor conditions during use and exchange data in real time to protect against overloading, over-discharging and overheating. The Makita Rapid Optimum Charger (sold separately) communicates with the battery's built-in chip throughout the charging process to optimize battery life by actively controlling current, voltage and temperature. Impact-resistant outer case and shock-absorbing inner-liner are engineered to protect the battery. Sixteen contact terminals maintain a constant connection with the tool to help prevent . ower loss or fluctuation, even during high-vibration applications. Battery resists self-discharge and remains ready for use even after long periods of storage. Makita 18V Lithium-Ion is the world's largest cordless tool line-up powered by an 18V Lithium-Ion slide-style battery. 3-year limited warranty.
