Product Specifications

Ratchetir Wrenche				
Mfg Part Numbe	Drive (inch)	Description	Long Desc	
2426	1/4 drive	Ratchet	Ratchet - 45 teeth, 4-3/4 - Single Pawl, Swing arc 3/4	Wright ratchets are engineered to be both strong and compact. While 1/4 drive ratchets are generally used in low torque applications, Wright ratchets are actually at home in the world of high torque. • Compact design - standard head 25/32 - heavy duty head 1-5/64. • Precision machined 45 tooth action - works in the tightest places. Onepiece kit is easily removed for inspection and lubrication. • Contour handle for a comfortable grip.
